

Heart Centered Healing Academy

Rev. Dr. Bonnie M. Russell

Healer, Teacher, Inspirational Speaker & #1 International Best Selling Author

Intuitive healers come to master their gifts and talents so they can make a real difference in the world.

Bonnie is a natural born intuitive healer. This means she has been able to see, feel and realign energies for as long as she can remember. People come to her for healing from all over the globe.

"I took my deeply disturbed 22 year old daughter to Sai Baba in India, and John of God in Brazil, among other healing gurus, only to be turned away by all of them. When I brought her to Rev. Russell, she was able to lift the dark energy that no one else would dare touch and she was healed. Such a miracle!" ~Maria F., Brussels, Belgium

She is a third generation holistic practitioner who is scientific minded. She knows that what she does works, yet her burning desire to understand *how* it works - what it looks like under a microscope - prompted her to study the science and nature of health itself, all the way down to the quantum level.

"I believe it is my mission to help others heal. It's as simple as that."

She has been a guest on numerous radio shows and podcasts and she is a regular speaker for the Business Women's Community, the Women of the World Network, and the Thriving Women in Business community.
